An Introduction to Working with Angel Numbers 101

The General Meaning of Numbers 0 Through 999

About the Author

AN INTRODUCTION TO WORKING WITH *Angel Numbers 101*

When we ask the angels for help, they always answer ... and sometimes they respond with direct intervention. For instance, you ask for a better job and *voilà!*—a friend telephones to say that her wonderful company is now hiring. Most of the time, though, the angels answer us with Divine guidance.

Divine guidance leads us in positive and healthful directions, and it can come to us as intuitive feelings, brilliant ideas, visions and dreams, or signs. Signs include anything significant we see or hear that answers our questions or needs.

For instance, you wonder if the angels are with you and you look down and see a white feather on your office floor ... but there's no logical source for the feather. Or you wonder which healing profession you'd most enjoy studying and within one week, three different people bring up the subject of herbology.

One of the most common signs the angels send us are number sequences such as 111, 333, and 1234. Numbers are among the primary tools that angels use to communicate with us. You might see these sequences on automobile license plates, telephone numbers, grocery-store receipts, or the change that a clerk hands to you.

Most people notice the repetition of certain number sequences and begin to wonder, *What does this mean?* I'm among those who are curious about number symbology. As a longtime student of Pythagorean numerology, I've wondered whether repetitive digits are significant beyond their mathematical functions. My studies show me that they are!

The angels taught me long ago that they'll help us with anything, provided that we ask for that assistance. After all, the angels can't violate our free will. Instead, they wait for us to request help before they're allowed to intervene in our lives.

Over the years, I've discovered that there are no limits as far as the areas in which the angels can assist us (and believe me I've searched!). Our celestial

guardians want to help us with every nuance of life including health, happiness, fears, career and finances, relationships, family, travel, and so forth.

So when I wondered about the meaning of number sequences, it was only a matter of time before I had the “aha!” realization that I could ask the angels for help with that, too. So I sat in meditation with paper and pen (and occasionally with my laptop) and went down the list of numbers from 0 through 999. The angels gave me keys to understanding the vibrational meanings of each number, and the cumulative significance of *groups* of numbers.

I first published my findings in a section of my book *Healing with the Angels*. That one chapter generated a strong reaction from my readers and workshop attendees, who wanted to know the meaning behind their particular number sequences. So I put together a little pocket book called *Angel Numbers* to address their questions. In the meantime, I continued asking the angels for information about the meanings of numbers. The additional information they gave me warranted an entirely new book.

The more that I give “angel number readings,” the more I find the exquisite simplicity in this message system. In fact, simplicity is one reason for this updated book, which replaces the old *Angel Numbers* text. The angels want us to clearly understand their messages, which are often conveyed by repetitive number sequences. Hence, the 101 in the title of this book, as when something is referred to as “101,” it’s considered a primer of some sort (for example, an *English 101* course).

In *Angel Numbers 101*, I’ve received angelically guided meanings that are very simple, down-to-earth, and practical. This is a reference book that enables you to understand the meanings of the numbers you see, and also lets you know what to do with that information. For example, the angels are often guiding you to your next step by showing you an encouraging number such as 7. But what if you want encouragement from people around you but they aren’t giving it to you?

This is what the angels have told me: “You can meditate upon any number sequence in order to bring its vibrational properties into your life.”

In other words, if you’d like more abundance in your life, then draw or look at lots of number 8s. As you flip through this book, look for sequences and messages that describe your goals, desires, and intentions. Then write these numbers (and messages, if you desire) on a piece of paper where you can frequently look at it and meditate upon the numbers.

The scope of this work only goes to the number 999, but if you see a sequence with 4 or more digits, you can still use this book to ascertain its

meaning. Just break the number sequence into 2-or 3-digit sequences and then look them up in this book. Your message is the accumulation of all of the smaller number sequences.

For example, if you keep seeing the number sequence 219524, you'd break it into smaller chunks of 1, 2, or 3 digits. In this case, your sequence would be 219 and 524. So, first look up the first three digits (219) in this book:

219

Your thoughts are focused on career and your purpose right now. Optimism brings the rewards you seek, so stay positive.

Next, you'd look up the second set of three digits (524):

524

Angels and archangels are watching over your new projects and helping you transform your ideas and dreams into reality.

Then, blend the meanings of both 3-digit sequences together:

Your thoughts are focused on career and your purpose right now. Optimism brings the rewards you seek, so stay positive. Angels and archangels are watching over your new projects and helping you transform your ideas and dreams into reality.

In other words, you and your career are watched over by angels, so you have a very legitimate reason to feel and think optimistically about your occupation. And the more positive and optimistic you are, the better everything goes for you and everything in your life.

Since the angels give you guidance with respect to every area of your life, as you read the meaning of number sequences, notice your inner dialogue, as well as your thoughts, visions, and feelings, because this is how your angels personalize their messages. So while you're absorbing the general meaning of a number sequence, your angels will whisper exactly how that message applies to you.

Here are some explanations of the phrases used throughout this book:

Ascended masters: Great spiritual teachers who have ascended, and who are helping you and everyone else from their Heavenly perspective. These teachers are often associated with world religions, so the ascended master with whom you work is likely aligned with your spiritual or religious preferences. For instance, Christians may work with Jesus; Jews with Moses; Buddhists with Buddha or Quan Yin; Hindus with Shiva or Ganesh; and so forth. Ultimately, though, I've found that ascended masters (like angels) are nondenominational and will work with anyone who sincerely calls for their help.

Divine mission or purpose: Usually a spiritually based career or type of volunteer work that involves an issue you're passionate about—for instance, being a healer, teacher, or activist.

Many people find it useful to carry this book in their car or pocketbook, since the angels talk to us with numbers all throughout the day. I've heard from lots of folks who tell me how enjoyable it is to notice number sequences and then read their meanings while sitting in traffic, or other places where you're apt to see a lot of numbers.

May you enjoy talking to your angels through the fascinating world of number sequences!

With love,
Doreen Virtue

Author's Note: You may notice that some number sequences have similar meanings, especially when they're in close proximity to each other. This is due to the very subtle changes that occur as we progress along any path, goal, or intention. Progress usually comes in baby-step increments, and the angel numbers are here to encourage you all along the way. Me, too!

THE GENERAL MEANING OF NUMBERS **0 THROUGH 999**

✦ 0 ✦

God is talking to you. When you see a zero, it's a sign of the endless circle of Omega without beginning or end. God is trying to get your attention with a word of reassurance or Divine guidance.

✦ 1 ✦

Stay positive. Everything you're thinking about right now is coming true, so be sure that you're only thinking about what you desire. Give any fears to God and the angels.

✦ 2 ✦

Everything's fine and will continue to be so. Keep believing, especially since your feelings of hope lead to more positive outcomes. The angels can buoy your faith if you'll ask for their help.

✦ 3 ✦

The ascended masters are helping you—usually this means an ascended master you feel close to—for example, Jesus, Quan Yin, a saint, or some other spiritual/religious figure.

✦ 4 ✦

The angels are with you. They send you the number 4 to reassure you that they've heard your prayers and are helping you.

✦ 5 ✦

A significant change is occurring, always for the better. It's a good idea to call upon Heaven for help with life changes.

✦ 6 ✦

Don't worry or obsess about material items, including money. Worry lowers the effectiveness of your prayers. Fortunately, the angels can answer your prayers if you ask them to.

✦ 7 ✦

You're on the right path, and the outcome will exceed your expectations! The number 7 is a sign that Divine magic is supporting you and opening doors of opportunity.

✦ 8 ✦

The number 8 signifies abundance and prosperity. The endless loops in this number signify an infinite flow of money, time, ideas, or whatever else you require (especially for your life purpose).

✦ 9 ✦

Get to work, Lightworker—now! The number 9 means that you've completed all of the prerequisites to achieve your life purpose. Stop procrastinating, as it's time to start taking action steps. Even baby steps are useful.

✦ 10 ✦

God wants you to hold positive thoughts about this situation, as everything is working out for your highest good. Call upon God to help you stay optimistic,

as your thoughts are an influencing factor in the outcome.

✦ 11 ✦

Stay positive! Your thoughts are materializing rapidly, so you want to ensure positive outcomes by focusing only on the good within yourself, others, and this situation.

✦ 12 ✦

Keep your thoughts positive about the future, as what you are thinking influences your future. This is a message to keep your faith and hope strong, because these are strong determining factors right now.

✦ 13 ✦

The ascended masters (such as Jesus, Quan Yin, and so on) are with you, helping you maintain a positive outlook. The number 13 signifies that female ascended masters and goddesses are assisting you in staying positive.

✦ 14 ✦

Lean upon the angels to help you maintain a positive outlook. This will keep your own demeanor optimistic and bright.

✦ 15 ✦

As you go through changes in your life, stay positive. Your optimistic thoughts help you manifest the best outcomes with respect to these changes.

✦ 16 ✦

Your words are magnetic affirmations that draw to you the very things you talk and think about. For this reason, the angels remind you to be aware of your words and thoughts.

✦ 17 ✦

The angels applaud you for staying positive and optimistic. They say that your optimism is warranted, as your affirmative thoughts are coming true. Keep up the good work, as you're on the right path!

✦ 18 ✦

Your thoughts are the valve that opens and shuts your financial flow. As you stay positive, all the material resources you need come to you easily. However, worry can stop this flow, so ask your angels to help you stay upbeat, especially where it concerns money.

✦ 19 ✦

This is a message for you to believe in yourself and your life purpose. The angels want you to know that you are qualified and ready to follow your dreams. Stay positive, and take action without delay.

✦ 20 ✦

Your connection with the Creator is strong and clear. God asks you to fill your heart and mind with faith (ask Heaven for help in doing so if you desire). Your faith is being rewarded right now.

✦ 21 ✦

Your optimism is definitely warranted! The angels are working behind the scenes on your behalf right this very minute. You can help support the angels' work by saying positive affirmations and believing that your dream is already manifesting.

✦ 22 ✦

The angels can see the positive results of your prayers, and they want you to have patience and stay optimistic while the final details are being worked out

in Heaven. This is an urgent call from the angels to “keep the faith”!

✦ 23 ✦

You are working closely with one or more ascended masters such as Jesus, Moses, the saints, or the goddesses. This is a message from your ascended-master guides, who can see that the answer to your prayers is within reach. They encourage you to stay positive to ensure that you attract the best possible outcome.

✦ 24 ✦

Additional angels are surrounding you right now, helping you stay optimistic no matter what is going on around you. The angels know the magical power of faith, and they’re releasing any negative thoughts and emotions to give you a clear path for the manifestation of your desires.

✦ 25 ✦

As you go through major life changes, expect the best and your optimism will be rewarded.

✦ 26 ✦

Positive affirmations help your situation improve quickly. The angels urge you to only think and speak about your desires, and not to affirm your fears, as they are just an illusion.

✦ 27 ✦

Congratulations! Your optimism is attracting wonderful situations and relationships. Stay positive, as this attitude is working in your favor.

✦ 28 ✦

Money comes to you as you keep the faith that you, your loved ones, and your

beautiful life purpose are all fully supported by Heaven.

✦ 29 ✦

Stay positive about your life purpose, and put all of your focus on being of service, utilizing your natural talents, passions, and interests. Doors are opening for you. Just keep your faith strong.

✦ 30 ✦

You are fully supported by God and the ascended masters. Step forward confidently in the direction of your dreams!

✦ 31 ✦

The ascended masters ask you to look past all earthly illusions and see the Divine perfection within you, other people, and your current situation. As you see Divine perfection in your mind, it manifests externally in your relationships, career, health, and other life areas.

✦ 32 ✦

The ascended master Jesus reminds you to apply his affirmation about the power of faith (“With faith, all things are possible”) to your own life right now.

✦ 33 ✦

You have a strong and clear connection with one or more ascended masters, who have answered your call and your prayers. Keep talking to them, as they’re helping you with your present situation.

✦ 34 ✦

Your prayers are heard and answered by the angels and ascended masters, who are with you right now.

✦ **35** ✦

A positive change is coming about for you, with the assistance and protection of the ascended masters.

✦ **36** ✦

The ascended masters ask you to keep your thoughts focused on spirit, and release any material worries to them.

✦ **37** ✦

You are on the right path, and the ascended masters are encouraging and helping you along the way.

✦ **38** ✦

The ascended masters are helping you with your financial situation.

✦ **39** ✦

You are being helped by the ascended masters, who are strongly encouraging you to work on your life purpose right now.

✦ **40** ✦

God and the angels are surrounding you with Heavenly love and protection.

✦ **41** ✦

The angels ask you to keep very positive thoughts, as everything you say and think is manifesting into form rapidly.

✦ **42** ✦

The angels are urging you to keep the faith!

✦ **43** ✦

Both the angels and the ascended masters (such as Jesus, Quan Yin, or a saint) are helping you right now. Spend time connecting with them in quiet meditation, and be calmed by their reassuring presence, which tells you that everything is fine.

As you go through changes with your home life, career, and relationships,

stay focused on your inner spirit's growth. Find the blessing within each change you're experiencing.

The changes you are experiencing are for the best. Trust these changes to lead you where you want to go.

✦ 58 ✦

Your finances are improving, and there will be a positive change in your financial flow. This could also signal a job promotion or career change, with an increased salary.

✦ 59 ✦

The changes you are going through are bringing you closer to your Divine life purpose. You can calm anxieties by spending time on activities related to your spiritual interests.

✦ 60 ✦

You are vacillating between focusing upon Spirit and the material world. This number is a call for you to balance your focus, and always remember that Spirit is your source and the force behind everything in your life.

✦ **65** ✦

Congratulations on the positive changes you're making in your life right now. This is an excellent time to make changes at home, work, or within relationships. Follow your inner truth.

✦ **66** ✦

When you're burdened by worries, stress, or fear, it's more difficult to hear your angels' loving help. This is a message for you to spend time in prayer and meditation. Ask for spiritual intervention, and open your arms to receive the help that always follows prayers.

✦ **67** ✦

Well done! You're on the right path at home and at work.

✦ **68** ✦

✦ 95 ✦

The changes that you're currently considering are taking you in the right direction for the manifestation of your Divine life purpose.

✦ 96 ✦

With respect to your Divine life purpose, put all of your focus onto the spiritual aspects (such as helping others, asking for Heaven to support you, and coming from a place of love). Give any earthly concerns about your

purpose to God and the angels.

✦ 97 ✦

Keep trusting and following your intuition, as it's right on the mark.

✦ 98 ✦

The more that you focus, and take action upon, your Divine life purpose, the more that the gateways of abundance open up for you. Focus on your purpose, and let your finances take care of themselves.

✦ 99 ✦

The spirit world has an urgent message for you: "Get to work on your Divine life purpose now!" Ask the spirit world to help you with motivation, clarity, direction, and anything else you need.

✦ 100 ✦

This is a strong message from God, telling you that your positive thoughts are necessary to co-create the outcome you desire.

✦ 101 ✦

This number signifies fundamental spiritual teachings: As you "let go and let God," your thoughts automatically become more positive, and this elevated vibration attracts all good things into your life.

✦ 102 ✦

All of your prayers and positive thoughts are sprouting into your desired form! Give any worries to God, and stay filled with faith, as you'll soon see a positive outcome.

✦ 103 ✦

The more that you stay optimistic, the more easily God and the ascended masters (such as the saints, Jesus, and so on) can help you.

✦ 104 ✦

You are surrounded by the love of God and the angels, who are lifting you up to a happier level. You can speed up this effect by maintaining a positive outlook.

✦ 105 ✦
